

You Are Invited To Attend

A CME Presentation

Educational Objectives:

1. Discuss what makes patients unhappy and ways to manage and prevent unhappy patients.
2. Identify why this is an issue in patients and the impact unhappy patients have on the treating physician.
3. Examine burnout in the specialty of Maxillofacial Surgery/Plastic Surgery
4. Review several complex OMFS patients with medical co-morbidities that need hospital care and collaboration with other medical practitioners.

Target Audience:

anesthesiology, ENTs, oral and maxillofacial surgeons, plastic surgery, and dental professionals
