

You Are Invited To Attend

A CME Presentation

Educational Objectives:

1. Review several complex OMFS patients with medical co-morbidities that need hospital care and collaboration with other medical practitioners.
2. Identify the characteristics of different age groups.
3. Describe the difference in behavior between age groups.
4. Provide feedback to Millennials working in healthcare.

Target Audience:

anesthesiology, ENTs, oral and maxillofacial surgeons, oncology, plastic surgery, and dental professionals
